

MOST TRUSTED BUSINESS 2018

# The Staffroom is Tauranga's most trusted business

Throughout 2018, businesses across Tauranga have been receiving votes and reviews for the hotly-contested Tauranga Most Trusted Business Awards.

The awards were judged based on 830 public submissions, with the winner based on the number of legitimate, positive, five-star reviews made by clients of each participating company in the 12 months up to November 14.

Whilst all of the winners have proven themselves to be the most trusted businesses in their industry regionally, there has to be one overall winner.

And the winner for 2018 was recruitment agency The Staffroom. Based in Tauranga, and operational across the Bay of Plenty, they cover the main centres throughout New Zealand, including Auckland, Hamilton, Wellington and Christchurch.

Specialising in the placement of permanent, office-based positions and call centre employment, they are committed to sourcing high calibre candidates that will increase productivity and enable clients to accomplish their desired outcomes.

The Staffroom received outstanding client reviews from 97 public submissions, and 58 of these received in 2018.

Director of The Staffroom, Jill Cachemaille, says receiving the Most Trusted Business Award was great news.

"We were really confident with the votes that we had, and the word trust is one of our core values, so it was important for us to win that award," says Jill.

"It sits quite nicely and quite naturally, with what we are and being lined with that, so it means a lot to us for sure.

"We were quite excited and we celebrated as a team. Our whole team contributed to all of the votes, so it wasn't just one person. It was a team effort."
